Print-Ready artwork Files Format :

Acceptable file format : **PDF, EPS, PSD, JPG, or TIF**

*** Discount:** You can get 5% discount if payment is paid full (check/cash) paid in advance.

* **Shipping fee:** Free for ground shipping; but charge extra shipping cost for next day or second day air.

1° Design Fee: Our design services are reasonably priced at \$75 per one side banner. If you would like to refine an existing design, or need professional design help, please call **203-314-5238**. For any more Questions: yjin@broadinfinity.com

2° Design file format requirement: **a.** We require a 0.25-inch bleed around the perimeter of your artwork to ensure the cutting edge of your pieces is accurate. (If your image has a white border on all four sides, bleeds are still recommended but not required.) **b.** Your design files should use CMYK color mode to avoid color shift. If your design file is in another color mode, like RGB or Pantone, they'll be converted to CMYK mode which is the color mode for digital printing.
